About Myself

Being a product/Transport designer and a freelancer with a solid 9 years of experience, I have a great thirst to work on various industries with good product design projects. I am available for freelancing. You can contact me if your industry is looking for a good designer. I'm versatile, skill oriented, creative minded, dedicated hard working person with good knowledge on sketching, Illustration, Visualisation, styling, 3D Modeling, Clay Prototyping and Rendering.

I can assure you that the project you give it to me will be very precisely driven and will deliver the output with great concept and feasible one. Thank you.
