## SUMMARY

I am currently pursuing my Bachelor's of Business Administration from Savitribai Phule Pune University. I have been working with Cultural Cell of my department which has helped me a lot to enhance my creative thinking ability and communication skills. I have an excellent problem solving capability and can think quickly on my feet.

I'm interested in learning how to work with clients-completing intake, assessments and intervention.

Looking for a great opportunity with a mid-large size firm where I can contribute towards upcoming events and manage key projects that impact the organization as well as broaden my scope of learning from the organization's team.
