## About Me

---

A passionate goal-oriented individual, fond of design and development, over the years I've skilled myself with different designing tools, coding languages, and research on how to make perfect-looking designs in addition to converting them into code for development purposes. I've been into UI/UX designing and development as Frontend for the past 2 years inventing my own team for social work till here ready to help organizations with design and development work, and my leadership, communication, and adaptability make them key to delivering my best growth to the organization.
