ABOUT ME

I am a passionate web developer with a Bachelor's degree in Computer Science and 1.5 years of professional experience in a renowned software company. As a developer, I have created various websites for clients.

In addition to website development, I also contributed to the improvement of the company's developer experience by implementing tools to enhance our software development process. My passion lies in pursuing a career in web development, particularly in Laravel and React JS.

I describe myself as a dedicated developer who enjoys coding and is always eager to learn new technologies and techniques to enhance my skills. I am confident that my experience and passion for web development will make me a valuable addition to any team.

WORK EXPERIENCE

Web developer (Reactjs & Laravel)

Wangard International [01/07/2021 – Current]

Address: 124/3, Quaid-e-Azam Industrial Estate, Kot Lakhpat, 54700 Lahore (Pakistan)

HOBBIES AND INTERESTS

Writing codes

I am passionate about writing code and enjoy it as a hobby. I am constantly seeking to improve my skills and knowledge in various programming languages. I enjoy experimenting with new programming concepts, building personal projects, and contributing to open-source communities.

Reading about the latest technologies

I am passionate about technology and stay up-to-date with the latest trends and innovations by regularly exploring the internet and attending technology conferences. I enjoy reading about the latest technological advancements in various fields including artificial intelligence, blockchain, and cybersecurity.

Cricket Freak

Cricket is my passion and I have been playing it for many years. I have a strong foundation in the game, having played at the school level and won many awards. In university, I was a regular member of the university team and played as an opening batter.

Chess Enthusiast

I enjoy playing chess as a hobby, participating in chess tournaments, and keeping up-to-date with the latest strategies and techniques.
