

EDUCATION

Bachelor of Science (B.Sc), Computer Science
Thakur College of Engineering and Technology 2020 - 2023

POSITIONS OF RESPONSIBILITY

I have been a part of DLLE [The Department Of Lifelong Learning And Extension] IOP [Industry Oriented Project] by Thakur College Of Science and commerce and have worked for building a website for the same.

TRAININGS

PHP

By-Thakur College Of Science & Commerce, Online
Mar 2021 - Apr 2021

This was a PHP workshop conducted by our college for first 50 students.

In this workshop we covered the topics like PHP, MYSQL, BOOTSTRAP and JQUERY.

All these server side languages were taught and projects based on daily basis were assigned.

I have successfully completed the course with regular submission of all the projects assigned.

PROJECTS

SRMS [Student Result Management System]

Jun 2021 - Jun 2021

Student Result Management System is a web-based application that mainly focuses on providing the results to the student and the faculty. The student check their respective results using.
