Experience

○ **June 2022 - November 2022**

Digitech Infra Association

Laravel Developer

In my journey of development at Digitech, I created several projects that makes me confident in development example Cloud Host Shop for integrating third party API's , Bhopali Delights Website for Content Management etc.

○ **December 2022 - Now**

Fossphorus

Laravel Developer

Work in an environment where I utilizes my skills under a senior developer. Quite a good journey with fossphorus family as they all help me to enhance my skills
