PROJECT

E-BUS PASS

- To serve school/college students and working professionals, we developed the website "E-BUS PASS."
- They may apply and renew their bus pass via the website.

SMART CAR PARKING AND SECURITY

- It will display the user a parking slot using IOT sensors and AI.
- We have provided the user the OTP for security reasons, and they must confirm it when they exit the parking space or the mall.
- If not, the system will beep and notify the owner.

ACHIEVEMENT

CONFERENCE

- **National Level Conference:**
  presented a paper at the M.Kumarasamy College of Engineering in Karur on the topic of "Role of IT in Disaster Management through GIS sensors."
- **International Level Conference:**
  presented a paper at the Chettinad College of Engineering & Technology in Karur titled "Synthesis and Di-Synthesized Carbon Nanotube Used in Cooking Oil."
