SYED ZAIN UL ABEDIN

WEB DEVELOPER

About Me

Web Developer with experience in designing and developing user interfaces, testing, and debugging within web and eCommerce technologies. Expertise in optimizing web functionality to improve data retrieval and workflow efficiency. I can quickly create websites using WordPress and Shopify.

Experience

As a final-year project for my bachelor's degree. I developed an Online Services Management System(OSMS).
In my project, I used the following technologies:

- HTML
- CSS
- jQuery
- Bootstrap
- PHP

I am experienced with creating eCommerce Stores with Shopify and WooComerece
