EMAIL:
Primary:
hassansardar@mail.com
Secondary:
hassan12590@yahoo.com

EXPERTISE:

Software Engineering
C++ Programming
Python Programming
Others: Java, C#, .Net
Computer Vision
Deep learning
Data analysis
Web: HTML, CSS,PHP, jQuery etc.
Arduino
Esp32
Raspberry pi
Linux
HID Devices

HOBBIES

Embedded Computer
Electronics
Game Development
Computer vision
Creative writing
Learning more Programming

EDUCATION

FG Sir Syed Boys SEC School Rawalpindi
2006 – 2015
Matriculation Science

IMPCC H/8-4 Islamabad
2016 – 2017
Inter in Commerce

Virtual University Rawalpindi
2018 – 2022
Bachelor in Software Engineering

PROJECT

FYP: Implementation of Deep Learning method for prediction of
cardiovascular disease
tools:
SQLite:
    Database.
Python:
    Backend: NumPy, Seaborn, Matplot, Pandas, Keras.
Pyqt:
    Front End.
Company:
    Module for Prestashop Email fraud.
    Module for Prestashop Estimated Delivery Date .

EXPERIANCE

Software Engineer: **PHP, jQuery, HTML, CSS**, **OOP** MVC Patterns
Open-Source **CMS**
front-end technologies and platforms **(JavaScript, Bootstrap,
Ajax) MySQL**
United Sol PVT (currently)

SKILLS

Skill	Level
Programming	100%
PyQt GUI Development	100%
Web Development	100%
Deep Learning	80%
Data Analysist	80%
Computer Vision	80%
Embeded Computers	80%
Remote control Wireless	80%
IOT	80%
Game Development	70%
Electronics	60%
