About Me

- I'm Software Engineer graduated from GCUF, Sahiwal and have completed my degree in Aug 2021. I went for it because I have a passion for **software development and program logic**. I have good **programming skills** and **quickly learning ability.** I can multitask and provide excellent results.

Areas of Expertise

- Leadership and innovation
- Strategic thinking
- Team Player
- Meet the deadline

Academia

BS(Computer Science)(2021)

Govt College University Faisalabad (GCUF) Sahiwal

- CGPA in CS Subject (web Design, Computer Networks, Data Base, DDB) is **3.0**

Higher Secondary School Certification (2017)

FSc. Pre-Engineering

Major Computer Science Subject

- Programming Fundamental
- Object Oriented Programming
- Data Structure
- Object Oriented Analysis & Design
- Databases & Advance Databases
- Operating Systems
- Software Engineering
- Computer Networks

Skills Set

- **Languages:** PHP (Core PHP,Codeigniter), HTML, Jquery ,CSS, SQL("database")
- **Tools:** Visual Studio , Dream Viewer

- ▸ **Databases:** MySQL, SQL server 2012,Oracl
- ▸ **Software:** MSWord, MS PowerPoint, MS Excel,

Professional Experience -
I have been working with PHP from last few months.
I can make crud based projects in PHP with CodeIgniter,

I can also manage databases and do also worked in core PHP.
I do also worked with HTML and a bit CSS.

Final Year Project
Sleep Detection System.(android app)

Description:

It is an android app which can be installed in the driver's mobile. What I can do it can keep scanning the driver's face all the time through the mobile face came. If the driver keep his/her eyes close for more then 5 seconds the system will turn on the alarm to alert the driver.

The regular blinking of eyes can not effect the system only if you keep the eyes closed for more the 4 seconds.

Other Semester Projects
 Login/ Logout System.

I have made a user and admin system in PHP with CodeIgniter.

In this system both user and admin can use crud functionality and have their individual dashboards. Admin have some extra authority in the system admin can easy able to look through the all user dashboard and can also able to edit the data easily.

I also include the pagination in the view.

Communication Skills
- ▸ Good verbal, literary and listening skills in Urdu and English language.
- ▸ Good communicate with others for requirements gathering.

Hobbies
- **Sports** football & cricket.
